

Peer support for people with criminal convictions

Re-engaging with the community and finding employment with a criminal conviction can be tough, but it is not impossible.

Our dedicated, 16-week programme involves weekly 1:1 sessions delivered by a mentor with lived experience of the Criminal Justice System.

We will support with:

- Disclosing your offence
- Confidence and mindset development
- Referrals to community agencies such as housing and financial support
- Preparing for employment
